BC Life & Health  
Insurance Company

*Plans for Individuals  
and Families*

## Why Should Dental Coverage Be Important to You and Your Family?

The Surgeon General, the American Dental Association, and the Centers for Disease Control and Prevention agree: Oral health is essential to your overall health – at any age.

Quality dental care gives you the opportunity to prevent oral diseases and craniofacial disorders by treating oral health problems in the early stages. Regular visits to the dentist, including cleanings, exams and X-rays, can reduce the risk of permanent damage and avert more costly treatment later on. The Blue Cross Dental PPO plan fits with your lifestyle and is an affordable way to maintain this important area of your health. With Blue Cross Dental PPO coverage, you'll enjoy access to a large network of dentists and specialists, and you'll feel secure knowing that it will help cover the cost of both routine visits and more expensive procedures.

By making good oral health part of your daily routine, you can improve your quality of life, self-confidence and appearance ... it might just leave you beaming.

Both parties to this contract, by entering into it, are giving up their constitutional right to have any such dispute decided in a court of law before a jury, and instead are accepting the use of arbitration."
